Setup Mobile Scoring

- Choose MobileScore Setup from the main menu.
- Activate mobile scoring with the ON/OFF switch
- You can optionally turn on score validation
- Set the maximum scoring group size.

The screenshot shows the 'EVENTBUILDER' interface for a 'THANKSGIVING TURKEY SHOOT - DEMO EVENT'. The left sidebar contains a menu with categories: EVENT BASICS, GRAPHICS & DOCUMENTS, ONLINE REGISTRATION, SUPPORTERS & DONATIONS, SCORING (expanded), and ADVANCED FEATURES. The SCORING section includes 'Scoring Setup & Entry', 'MobileScore Setup' (highlighted with a red arrow), 'Bale Builder', 'Bracket Builder', and 'External Link to Results'. The main content area is titled 'MobileScore' and contains the following settings:

- Mobile Scoring:** A toggle switch is set to 'ON'. A yellow arrow points to this switch. Below it, a video icon is labeled 'Click icon for video!'. A note states: 'To open scoring for any particular round, return to the Scoring Setup page and click the ON/OFF switch for that round.'
- Score Validation:** A toggle switch is set to 'ON' and is circled in yellow.
- Max Group Size:** A dropdown menu is set to '4', with the text 'archers per score group (maximum)' below it.
- Change Scorekeepers:** Two dropdown menus labeled 'CHOOSE CLASS' and 'CHOOSE ROUND', followed by a blue 'Get Groups' button.

The right sidebar contains navigation links: Quick Preview, Event Site Link, Video Tutorials, Online Help & Chat, and Back to Dashboard.

Activate Mobile Scoring By Round

- At the shoot, ONLY activate the mobile scoring toggle on the round when you are ready for archers to enter scores. Keep future rounds off to avoid confusion among archers.
